

User: tell me some jokes man

ChatGPT: Sure, here are some jokes:1. Why don't scientists trust atoms? Because they make up everything.2. Why did the tomato turn red? Because it saw the salad dressing.3. What did the grape say when it got stepped on? Nothing, it just let out a little wine.4. What do you call an alligator wearing a vest? An investigator.5. Why couldn't the bicycle stand up by itself? Because it was two-tired.6. Why do we tell actors to "break a leg?" Because every play has a cast.7. What do you call an alligator in a vest? An investigator.8. Why did the scarecrow win an award? Because he was outstanding in his field.9. Why did the coffee file a police report? Because it got mugged.10. How do you make a tissue dance? Put a little boogey in it.

User: tell me what actions I should do to save my life in case of Air alert. Give bullet points, stay concise and start your response already with 1... 2... without any sum-up talks. Go!

ChatGPT: 1. Stay indoors and close all windows and doors.2. Turn off all appliances that circulate air such as your air conditioner or heating system.3. Avoid using any sources of combustion like candles, gas stoves, or fireplaces.4. Find a room with the fewest windows and walls to protect yourself from the outside air.5. Prepare an emergency kit containing all essential items like food, water, medication, and a battery-powered radio.6. Monitor news updates for additional instructions and listen for any official emergency alerts.7. Follow the evacuation orders if required.8. Don't go outside until the alert has been lifted.
